

## BODY CAMERA

FNMH-B21-3

### ANALYSIS

SCATI FENIX systems are powerful video/audio recording and editing platforms for IP, Hybrid and Analog technologies.

With **FENIX software** preconfigured, these devices offer a wide range of options for achieving **maximum performance** from your **CCTV system** while also efficiently managing storage and bandwidth.

The FENIX recorders are fully integrated with the cameras and the applications of the Control Center. This integration provides a complete and scalable video surveillance solution with seamless operation among the solution specifically designed for your needs.

Connectable to HDTV, AHD, HDCVI and analog cameras.

### RELEVANT FEATURES AND FUNCTIONS

- Embedded with an image sensor of 16 megapixel and ISP surveillance level.
- Provides a lens whose horizontal FOV (Field of View) is 127°.
- Supports distortion correction.
- Supports IR auto day and night switch.
- Supports recording at up to 1080p/60fps.
- Supports network transmission at high definition.
- Supports recording while taping.
- Transmits real-time videos and audios to management platform.
- Built-in GPS positioning module.
- A large capacity battery with 4400 mAh capacity which can record videos of 1080p for 8 hours.
- Provides micro HDMI interface to transmit image to external screen.

# BODY CAMERA

**FNMH-B21-3**

## SPECIFICATION

Model		FNMH-B21-3
SENSOR	Type	CMOS, 16 MP
	Lens angle	Horizontal FOV (Field of View): 127°
DISPLAY	Displayer	2.0" TFT LCD
VIDEO PARAMETER	Video Input	1080p
	Recording	1080p/60fps, 720p/120fps, 704*480
	Video Format	.mp4
	Dual stream	Main stream: 1080p/60fps Sub-stream:720p/30fps
	Picture resolution	Up to 16 MP
	Picture format	.jpg
	Shutter	Digital shutter
	IR light	Automatically turn on/off IR light
	White Balance	Auto
	Flashlight	Supported
	Laser positioning	Supported
STORAGE	Storage capacity	A built-in EMMC storage chip of 32GB capacity
POSITIONING	Satellite positioning	Built-in GPS module
WIRELESS TRANSMISSION	4G	Supported
	Wi-Fi	802.11b/g/n
PERFORMANCE	Working temperature	-20 °C to +55 °C (-4 °F to +131 °F)
	Working humidity	≤ 90%
	Ingress protection	IP67
	Drop resistant	2 m
STRUCTURE	Dimension (H × W × D)	105 × 61 × 25 mm (41.3 × 24.0 × 9.8 ")
	Weight	220g (0.49 lb)
	Buttons	Power switch, Recording button, taping button, capture button, two-way audio button, alarm button, menu button, up button, down button, OK button
OTHERS	USB interface	Mini USB 2.0
	Charge media	Charge via USB interface
	Battery	A battery with 4400 mAh capacity which can record videos of 1080p for 8 hours. The battery can't be uninstalled.
	Micro HDMI interface	Supported

## ORDERING INFORMATION

FNMH-B21-3

Body Camera with GPS, 4G and Wi-Fi connectivity.

## SCATI FENIX
