# BEYOND SECURITY

## SMART VIDEO SOLUTIONS FOR
## INDUSTRY AND LOGISTICS

With more than 20 years' experience in the electronic security market, **SCATI** is consolidating itself as a reference in offering comprehensive solutions in video-surveillance and a partner to face challenges in the future.

Beyond security, **SCATI** offers a comprehensive video solution which prevents the fraud and that maximizes the return of the investment thanks to its tools Business Intelligence and Big Data.

**1** Comprehensive security management of facilities: access controls for own and non-authorized personnel, control of the fleet both in factory and en-route

**2** SCATI PARCEL. Proprietary solution for tracking goods, vehicles, operators, pallets, etc

**3** Artificial Intelligence tools to facilitate migration to the 4.0. industry: facial recognition, queue management, people counting, heat map, etc

**4** Fast return on investment as a result of fraud reduction, resource optimization and an enhanced procedure planning

**5** Reduction in response time to events and business data (traffic density, bottlenecks, etc.)

**6** A scalable, open solution allowing for future updates
